The Excursion Over the Tuscawarra Valley Railroad.

The party of excursionists from this city and Bridgeport who left here Monday morning for a trip over the Tuscawarra road to Black River and Cleveland, returned home last evening, after a two days' jaunt, highly pleased with their visit.

Rhode Island votes to-day when a Governor, Lieutenant Governor, Secretary of State, Attorney General and Treasurer will be chosen.

The object of the excursion was to make a personal inspection of the Tuscawarra road from its present point of completion at Ulrichville to its terminus at Black River harbor on Lake Erie, and also of its running arrangement over the C. & L. road into the city of Cleveland.

The Coopers' Strike at Bellaire--A Plea for the Workmen.

BELLAIRE, April 3, 1877. I beg leave to occupy a small space in your paper to vindicate the above cause. There seems to be an unfriendly feeling existing between the men and others interested and the coopers. Now what I wish to say is this: Two years ago a ticket for making was eight cents per keg. The middle men commenced bidding against one another, and in order to secure contracts, cutting of prices took place. This they did without consulting the coopers, whom they made the losers thereby.

Delegation from Wheeling in the Interest of the New Road.

Monday evening a delegation of citizens from Wheeling, Steubenville, Bridgeport and neighboring towns arrived in this city at the Wheeling House, having come to attend a meeting in the interest of the Tuscawarra Valley railroad. On the route to this city by way of Ulrichville the delegation visited the coal fields on the line of the new road, and after a free interchange of views on the docks of the river. Some members of the party also examined the fire alarm system here, with a view to introducing something of the kind in Wheeling, where the recent large hotel fire has been made to the people of Wheeling in regard to the character of the Tuscawarra Valley railroad have been fully borne out by our personal observations in passing over the line, and during our visit to the harbor and docks of the company at Black River.

Card from Peter H. Sweeney.

NEW YORK, April 3--Peter H. Sweeney, in a card, says: "The statement that I have a revelation to make concerning Mr. Hall or any one else is entirely without foundation, nor can any be truthfully made in regard to myself. It is equally untrue that I am negotiating or attempting to negotiate any compromise of my litigation, or that I am in any way concerned with any supposed compromise between others. I am here to try my cause, and am ready to try it, but do not hesitate to submit myself to the unprejudiced judgment of my fellow-citizens."

Death of a Hermit.

DONORAY'S FERRY, Pa., April 3--Austin Shidley, who has lived for 31 years the life of a hermit in a cave in a lonely place in the mountains, nine miles southeast of this town, was found frozen to death in a deep snow drift near the entrance of his cave on Friday night last. His only explanation of his living in the wilderness alone, was that he wanted nothing to take his thoughts from God. He had a considerable amount of money at the time he left Connecticut. It is believed that he buried it with his cave.

POLITICAL NEWS.

Ohio.

CLEVELAND, April 3--The very latest returns indicate that the Republicans have elected their candidate for Mayor, 9 out of 18 councilmen and 3 in doubt, and the balance of their ticket, with the exception of City Solicitor, by from 800 to 1,000 majority.

COLUMBUS, April 3--Complete returns are not in, but it is now definitely known that the Democrats elected their candidate for Mayor by a reduced majority and the balance of their ticket, except Polio Commissioner.

TOLEDO, April 3--The latest returns from yesterday's election show that the Republicans have elected the entire city ticket, with the exception of Mayor, by majority of probably 300. The Council will be Republican in both branches.

CINCINNATI, April 3--All the election returns, with the exception of one precinct, are now in. The entire Republican ticket is elected by majorities ranging from 1,000 to 4,000. Moore's majority for Mayor is 1,500; Caldwell's, for Member of the Board of Public Works, 3,000. Moore's majority for Judge of the Superior Court is 1,000. The Irish scratched the Democratic candidate for Mayor, while the Germans supported him.

ST. LOUIS, April 3--The election is progressing very quietly, and a pretty little vote is being polled. Both parties are working hard and both are sanguine of success. Owing to the great increase of the polling places, caused by the recent addition to the city limits, the result will not be known till a late hour to-night, and perhaps may not be ascertained until to-morrow.

CHICAGO, April 3--The vote for city officers will be very tight. There is a general impression that the Republicans will elect most of their tickets, and even the Democrats concede this. The contest on Mayor is expected to be very close, but so far as is known Heath is still ahead, but as there is a great deal of scratching the returns cannot be obtained until late to-night.

CHICAGO, April 3--Returns from the city election up to 12 o'clock show that 90 precincts out of 111 give Health, Rep., for Mayor, 27,147; Smith, Dem., 15,757; Heath's majority, 11,390. The rest of the Republican ticket, including Tuthill, City Attorney; Casper, Clerk, and Larrabee, Treasurer, is undoubtedly elected. Clinton Briggs, Democrat, Treasurer, ran far ahead of his ticket, but is doubtless defeated. The Council, from the latest returns, appears to be almost entirely Republican, though subsequent returns may probably change this somewhat. A row occurred in the 7th Ward on account of a challenge to a voterified by a repeater and rough. It resulted in the arrest of Michael Fitzgerald by a policeman. The election otherwise was quiet.

ATCHISON, KAN--In the election in this city, Mayor Downs, a Republican, was elected over the Democratic ticket. The other city officers elected were Republicans.

KANSAS CITY, April 3--In the city election to-day, the Republicans elected Mayor, Recorder, Supervisor, Registrar and Councilmen. The Democratic elect Auditor, Treasurer and City Attorney.

LITTLE ROCK, April 3--The election to-day passed off exceeding quiet. It is impossible to tell at this hour, 3 p. m., the result.

DENVER, April 3--At the city election here yesterday the Republicans elected five out of six aldermen.

NEW YORK, April 4--The Times furnishes the following: While the Chairman's gavel was rapping for the close of business in the Stock Exchange yesterday afternoon, a communication was handed in from John Honder, No. 4 Exchange Place, announcing his inability to meet his engagements. Mr. Honder was known to be the broker of Tenor Park, President of the Panama Railroad, and as rumors had been in circulation for some time previously affecting Park's solvency, a scene of tremendous excitement ensued. It is believed that Park left Honder in the lurch, owing to heavy losses of his own. It was reported yesterday that Park had been unable to meet certain large payments on Panama stock that had fallen due within the past few days. The amounts are variously put at 5,000 to 40,000 shares. Park could not be found in any of his usual haunts and all his intimates failed from whom information might be obtained were also mysteriously absent.

FIRE RECORD.

\$40,000 FIRE. WEST HANCOCK, Pa. 3--Daley & Gay's block, on Main street, and two small buildings, burned to-day; loss \$40,000, distributed among a number of the occupants; insurance \$20,000.

LOCKHAVEN, Pa. 3--Frederick's block, on Main and Grove streets, burned to-day. Loss \$7,000; insurance \$25,000.

OMAHA ITEMS. OMAHA, April 3--A fire at the U. P. Building, on Main street, last night damaged the building to the extent of \$500. It caught in the fuel room.

The city election to-day was very quiet and a heavy vote polled. Indiana Joe died yesterday at the Fair Grounds from drugged liquor administered for the purpose of robbing him. River rising fast.

CRIMES AND CASUALTIES.

CLEVELAND, April 3--This morning the dead body of a man aged about 70 years, supposed to be George L. Hamilton, of Akron, Ohio, was found lying at the foot of a deep embankment in this city, where he had probably accidentally fallen during the night.

Business Failures. NEW YORK, April 3--John Honder, broker, No. 40 Exchange Place, who suspended to-day on account of the sudden decline in Panama, hopes to be able eventually to settle his liabilities in full.

Chicago Flood. CHICAGO, April 3--The flood in the southern and western portions of the city is subsiding at the rate of about half an inch per hour.

FOREIGN NEWS.

EASTERN QUESTION.

LONDON, April 3--A Constantinople telegram says the charges D'Almeida of the great powers will communicate the protocol to the Porte at the end of the week, and at the same time urge it to come to an understanding with Russia, in regard to disarmament.

Another Cabinet Council held to-day state that the Porte intends addressing a note to the powers as a reply to the protocol.

GERMANY.

Bismarck's Resignation. BERLIN, April 3--It is semi-officially stated that Bismarck has not resigned simply asking for a long leave of absence in consequence of overwork. The resignation refers to the Chancellorship, and not to the Ministry of Foreign Affairs, which Bismarck desires to retain. Several statements are named as his successor as Chancellor, either for good or for the year of his leave. At first Camphausen appeared to have the best chance, but now Prince Reuss, Prince Hohenlohe and Count Stolberg are named as the most likely candidates. The question of retaining Bismarck prolonged leave remains undecided, but the rumors of a difference with the Emperor are unfounded.

FRANCE. PARIS, April 3--Julies Simon, Minister of the Interior and President of the Council, visited to-day Deputy Crosses, Moderate Republicans about to charge to meet at Lunelle to the fallen soldiers of the late war. "After having conferred with my colleague, the Minister of Foreign Affairs, I think it right to ask you to postpone this inauguration. I reckon on your influence with the patriotic members of Lunelle to make them comprehend the reasons which actuate the Government." Lunelle is not many miles from the present frontier, and the ceremony was to be attended by a deputation from Strasbourg, Lorraine.

CUBA. HAVANA, April 3--General Martinez de Campos has issued a proclamation promising pardon to every person surrendering before the first of May who has not committed any extraordinary offense connected with the insurrection. Any one surrendering after the first of May will be treated as a rebel. Prisoners taken after the first of May may be treated as heretofore.

ENGLAND. A. Oakley Hall in Hyde Park. LONDON, April 3--A. Oakley Hall walked in Hyde Park yesterday with a middle aged lady. All efforts to obtain an interview with Sutcliffe failed. He positively declined to be questioned. He is known to be the person or persons made after the first of May will be shot if such decision of an impartial court martial is approved by the Commanding General of the district wherein the capture was made. Prisoners taken after the first of May may be treated as heretofore.

THE LICK ESTATE IN THE COURTS. SAN FRANCISCO, April 3--This morning the estate of the late James Lick, of Richard S. Finckh, District Court, George Showald, trustees of the trust created by the late James Lick, commenced suit against J. H. Lick and a number of others. The plaintiff asks the Court to sanction the compromise recently made by the executors and trustees for the purpose of disposing of the estate of all conflicting claims and placing matters in such a shape that the wishes of the testator can be carried out.

THE WATER TROUBLE. The Mayor to-day addressed a letter to Charles Webb Howard, President of the National Water Company, demanding that the water connection be restored in Portmouth Square. Howard, answering, declined until provision is made for paying for the same, and stated if the connection was made by any person without the consent of the Water Company, he will collect the water bills personally, and persons who performed the work necessary to restore the connection, though with reluctance, fearing trouble with the Water Co. The rates in this city, for water, will be the police to protect the connections.

Mollie Maguire's Confronting the Church. NEW YORK, April 3--The convention of the Ancient Order of Hibernians for adjournment appointed a National Directory of eight to act with the National officers in the management of the affairs of the order. Everything objectionable to hierarchy of the Catholic Church was eliminated from the list. The total number of members in the order is 472,078, and the number of delegates present 102, representing 26 States. The directory held a meeting to-day and issued an address to the people of the United States, declaring that the order has no connection with the famous Mollie Maguire of Pennsylvania, styling them a "terrible band of misguided men that has committed such crimes in Pennsylvania."

Railway Meeting. BALTIMORE, April 3--A meeting of the stockholders of the International & Great Northern R.R., elected the following directors for the ensuing year: S. Sloan, Moses Taylor, Jas. E. Gone Over to Nichols. NEW ORLEANS, April 3--T. T. Allain (colored) one of the holding over Senators, who heretofore affiliated with the Packard Legislature, to-day took a seat in the Nichols Senate. Allain addressed the Senate, saying he was there in obedience to the best dictates of his conscience, believing the time had come when the white and colored people of Louisiana should unite to bring about peace to the State. He was there not as a Democrat, but as a Republican. He relied on the promises made by Governor Nichols in his letter accepting the nomination of the Baton Rouge convention. Allain made an appeal for clemency for the colored recruiting officers who were in the parish prison. [The recruiting officers have been released.]
